Dear Ms. Moghaddam and Mr. Moghaddam:

Congratulations to you both on being named one of the Top 100 MBEs for 2014. I applaud you as successful leaders in Maryland's growing and prosperous minority business community. You epitomize the innovative and progressive leadership we advocate in Maryland and thank you for your investment in our great state.

The impact your leadership has is immeasurable and I thank you for the jobs created and critical revenue generated by the company which are vital criteria in supporting the State's priorities. As you may know, I believe the key to economic recovery is in the genius of the private sector and that we in the public sector need to work "hand in glove" to assure a strong vigorous economy.

Again, I extend my congratulations on your achievement and best wishes for continued success at the ASM Educational Center. If I can ever be of assistance to you, please do not hesitate to contact me.

Congrats!

Sincerely,

Peter Franchot
